

Standard Features

The cp.3 table is available with four top options: 1/2" (12.7mm) leaded glass with a polished flat edge or 7/8" (22.2mm) glacier white corian, oak or walnut veneer with a reverse bevel edge. The frame is stainless steel with a brushed, polished or matte black powder coat finish. Bumpers protect the glass and prevent movement.

The cp.3 table with a corian, walnut or oak veneer top is shipped assembled. When the glass option is specified, the table and top are packed separately in the same carton.

The cp.3 table with glass or corian tops are approved for GSA. Contract GS-27F-010GA. GREENGUARD certified.
